ABOUT CICF SCHOLARSHIPS

What is the CICF Scholarship Program?

Central Indiana Community Foundation (CICF) was formed in 1997 through a partnership with The Indianapolis Foundation, serving Marion County since 1916, and Legacy Fund, serving Hamilton County since 1991. CICF's mission is to inspire, support, and practice philanthropy, leadership, and service in our community.

CICF is committed to college success for students through the power of scholarships. Our Scholarship Program makes awards that are impactful and often renewable to increase students' chances of academic and financial success. The CICF Scholarship Guidebook outlines the scholarships available to graduating high school seniors, currently enrolled college students, and individuals not currently enrolled in high school or college that plan to pursue a degree.

Who can apply?

This guidebook organizes all general scholarships into the three categories listed below to assist students in identifying scholarships for which they may be eligible.

CATEGORY I: CURRENT HIGH SCHOOL SENIOR

CATEGORY II: CURRENT COLLEGE STUDENT

CATEGORY III: NOT CURRENTLY ENROLLED IN HIGH SCHOOL OR COLLEGE

CICF also holds scholarship funds administered by local schools, education foundations and other organizations. Please contact the appropriate organization and/or your guidance counselor for information on how to apply. These scholarships are listed in the [Other Scholarship Opportunities](#) section of this guidebook.

What will a scholarship from CICF fund?

Each scholarship has varying award amounts and conditions. Award amounts may range from \$1,000 to several thousand dollars. Awards depend on the size of the particular scholarship fund and the number of qualified applicants each year. Scholarship conditions require that awards be used for educational expenses at an accredited college, university, technical, vocational, or trade school.

Awards can be used for the following:

- Tuition
- Required fees
- Room and board (in some cases)
- Books (in some cases)

Scholarship awards cannot be used for the following. Please note that this list is not exhaustive.

- Sports season tickets
- Parking passes and/or tickets
- Non school-related expenses
- Late Fees

APPLICATION PROCESS

Detailed criteria are listed for each scholarship description in this guidebook. All applicants applying for a scholarship listed under Current High School Senior, Current College Student, or Not Currently in School sections of this guidebook are required to apply using the CICF online application system, which can be accessed by visiting www.cicf.org/scholarships. In addition to general questions, the application consists of the following required components:

- **Official transcript:** All applications require an official transcript or GED certificate. Please upload a copy of your most recent GED certificate, high school or college transcript. Acceptable transcripts can be obtained from your school or the school's online system. Grades that have been copied and pasted into a new document will not be accepted.
- **References:** All applications require two completed recommendation forms. As a courtesy, please allow your references at least two weeks to complete the form.
- **Essays:** All applications require at least two essays. Information on scholarships requiring additional essays can be found in the [Frequently Asked Questions](#) section and within each scholarship description.
- **Financial Information:** Applicants to all CICF scholarships are required to complete the Indiana College Costs Estimator through the link provided in the online application. Further information on this tool can be found in the [Frequently Asked Questions](#) section.

Students must submit all required application materials by the published deadlines below to ensure that award decisions are made in a timely manner. All scholarships are subject to change.

FREQUENTLY ASKED QUESTIONS

Am I eligible to apply?

As you begin to complete the application, each scholarship for which you are eligible will appear with a corresponding box that you must check to indicate you would like to apply.

May I receive awards from more than one scholarship fund?

Yes. You may apply to any scholarship for which you are eligible. It is possible to be considered for multiple awards.

Can I start an application and finish it later?

Yes. You will set up an online profile that will allow you to save your application and return to it at a later date or time.

Do all scholarships require an essay?

An application to all CICF scholarships will require at least two essays. For several scholarships, an additional essay is required. Two additional essays are required for the Lilly Endowment Community Scholarship application.

What is the Indiana College Costs Estimator (ICCE)?

The Indiana College Costs Estimator is a tool developed by the National Center for College Costs that provides college selection, admissions, and financial information to Indiana students and families. Because the comprehensive information provided by the tool is useful for both students and scholarship committees, all CICF scholarship applicants must complete the Indiana College Costs Estimator [using the link provided in the online application.](#)

What is a "First Generation College Student"?

A first generation college student is an individual whose parents have not earned a post-secondary degree.

FREQUENTLY ASKED QUESTIONS

Where can I go to school?

Most of the scholarships are for students attending schools anywhere in the United States unless otherwise noted in the scholarship description. Some scholarships are designated for students attending an Indiana institution. If this is the case, it will be listed in the scholarship criteria.

I missed the application deadline. Can I still submit an application?

Deadlines vary and are listed in the [Scholarship Application Timeline](#) section. Completed applications must be received on or before the stated deadline. Late or incomplete applications will not be considered.

If I am awarded a scholarship, what happens after I am notified?

For a majority of scholarships, you will be notified by Scholarship America (also called Scholarship Management Services), an organization that assists CICF with the administration of its scholarships, including award notification, scholarship payment, enrollment verification, and student reporting.

When and how will my scholarship be paid?

Recipients must submit scholarship acceptance agreements to Scholarship America before a scholarship will be paid. For a majority of scholarships, scholarship checks are sent in August provided students have submitted required paperwork. Checks are made payable to the college or university and sent directly to the home address of each recipient.

Will I be asked to submit any year-end reports for my scholarship?

For a majority of scholarships, students are asked to submit reports verifying enrollment, grades, major, and contact information. In some cases, an essay or additional information may be required.

How else can I prepare to pay for college?

All students should file a Free Application for Federal Student Aid (FAFSA). The Indiana deadline is March 10, 2015. This application determines students' eligibility for financial aid. After filing the FAFSA, a college can tell students which additional scholarships and grants they can receive as well as how much money students can borrow in federal loans.
